IJA002

Interface for diverse consoles - IJA002

There is a multitude of electronic gauges brands installed on tanks. For this purpose we have developed electronic interfaces which allow providing gauging information from these gauges to the ALX LV8 and LVNET softwares.
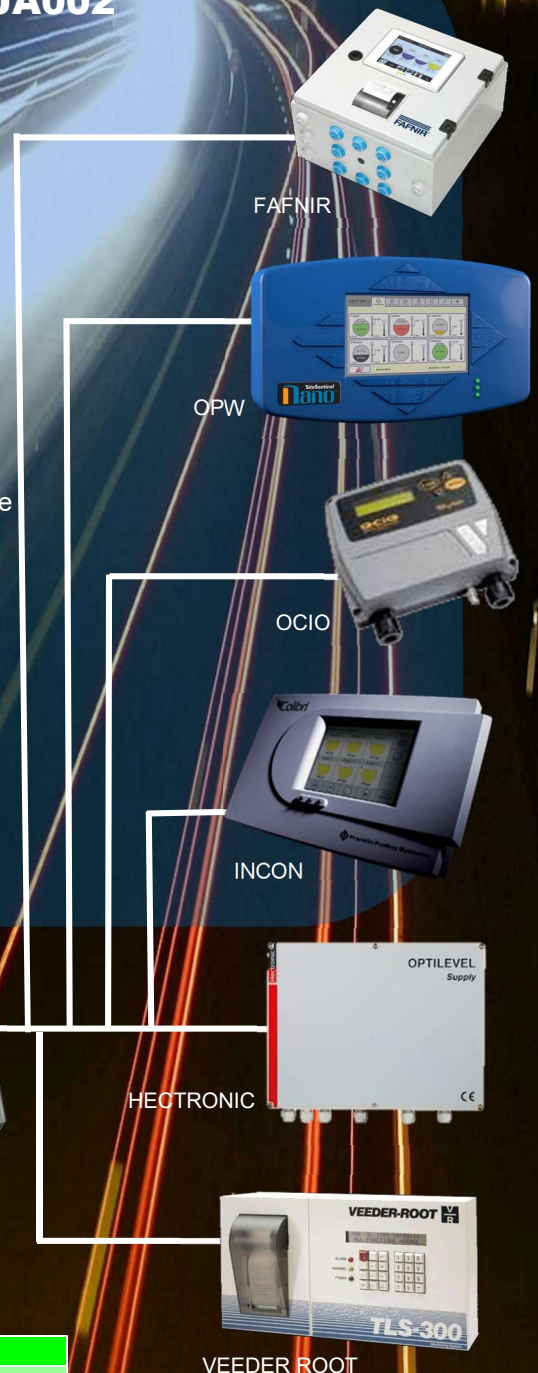

PERFORMANCES

- ❑ 12V power supply
- ❑ Metal case
- ❑ Configuration by switches (number of tanks)
- ❑ Internal beep for functional test
- ❑ Provided with a compatible connector for the console
- ❑ Mesuring of water level at the bottom of the tank

COMPATIBILITIES

- ❑ OPW
- ❑ FAFNIR
- ❑ HECTRONIC
- ❑ OCIO (PIUSI)
- ❑ VEEDER ROOT
- ❑ INCON COLIBRI

FAFNIR

OPW

OCIO

INCON

HECTRONIC

IJA002 xxx

VEEDER ROOT

Reference	Description
IJA002 OPW	ALX interface for OPW console
IJA002 HEC	ALX interface for HECTRONIC console
IJA002 VR	ALX interface for VEEDER ROOT console
IJA002 OCIO	ALX interface for OCIO console (one interface per gauge)
IJA002 INC	ALX interface for INCON COLIBRI console
IJA002 FAF	ALX interface for FAFNIR console
